

ZORFLEX® Auto Cloth

100% Activated Carbon Cloth

The Product

100% activated carbon cloth
Nano pore technology
Knitted or Woven textile in varying densities,

The Properties

Fast adsorption kinetics for a wide range of compounds in liquid or gaseous phases
Can be regenerated for reuse
Large surface area (800– 1200m²/g)
High adsorption capacity

Applications

High performance adsorption of hydrocarbons and other fuels.
Breathability allowing clean air to escape and pressures to equalize.
Protects against odors, fumes and other airborne agents
EGR valves, Cabin Air Filters

Custom Solutions

Custom widths or cut shapes
Lamination to other textiles
Full customised service for every Individual product requirements.
Can be impregnated for complete protection
Full technical support from a Leading manufacturer.

Safety Message

Wet activated carbon preferentially removes oxygen from air. In closed or partially closed containers and vessels, oxygen depletion may reach hazardous levels. If workers are to enter a vessel containing carbon, appropriate sampling and work procedures for potentially low oxygen spaces should be followed, including all applicable Federal and State requirements.
